The history of the Kevi Chair

1958

Architect Jørgen Rasmussen designs the Kevi Chair at the request of KEVI Furniture

1965

Jørgen Rasmussen invents the double-wheel castor

1958-1982

The Kevi chair is produced by KEVI Furniture

1982

Fritz Hansen acquires Kevi and takes over the production of the Kevi chair

2006

The Kevi Wheel is recognised by the Danish Ministry of Culture's "Cultural Collections" for its "positive impact on millions of people worldwide

2007

Engelbrechts Furniture acquires the rights to produce and sell the Kevi chair

2016

Engelbrechts introduces the Kevi 2060 chair with a 4-legged design

2021

Montana Furniture acquires Engelbrechts along with the rights to this design icon and launches the Kevi 2060 in eight signature Montana colours

2022

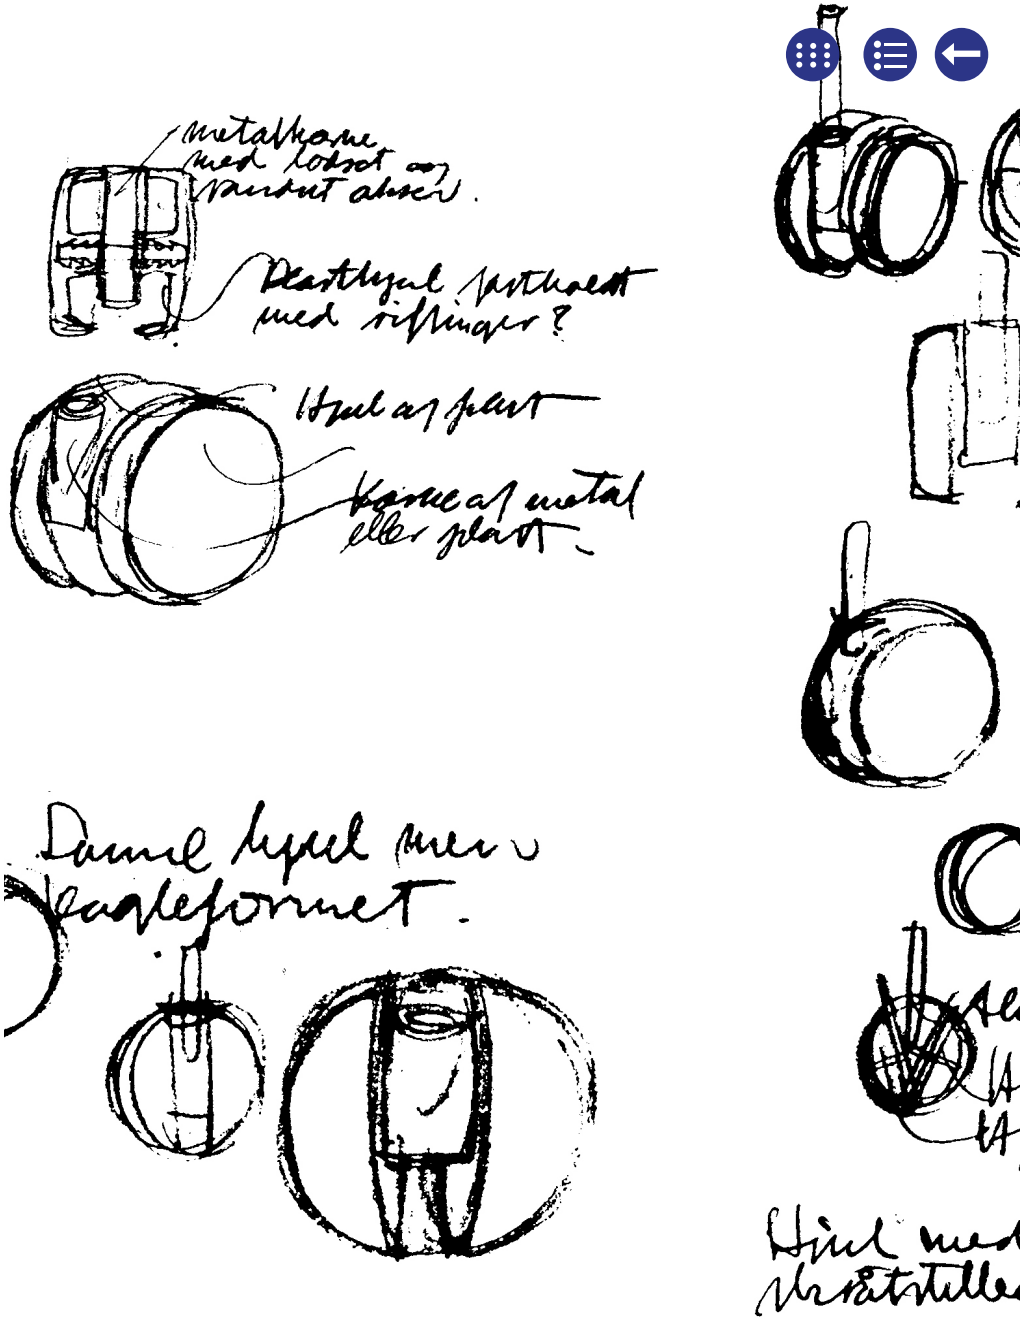
Kevi Kids is relaunched in a version made from recycled plastic

The double wheel castor

Before 1965, typical office chairs were fixed and lacked flexibility. Jørgen Rasmussen aimed to create a chair adaptable to any environment and suitable for a wide range of users. His approach to design prioritised the work environment and freedom of movement.

In 1965, Rasmussen developed the double-wheel castor, inspired by the flexibility of an aeroplane's front wheels. This innovative castor design reduced wear on floors and carpets and greatly increased user flexibility with its low-anchored connector.

Today, this Danish invention is used in countless industrial designs, enhancing the well-being and working conditions of millions of people worldwide



ICONIC DESIGN

Double wheel castor intregated in the swivel base

About the designer

Jørgen Rasmussen (1931–2024) graduated from the Royal Danish Academy of Fine Arts in 1955 and, soon after, established an architecture studio with his twin brother, Ib Jørgensen.

With a sharp focus on functionality and simplicity, Jørgen Rasmussen proved himself to be an exceptional furniture designer, with the Kevi chair standing as his masterpiece.

Originally designed in 1958 for the Danish company KEVI, the chair emerged from an initial commission to design a villa. This project led Jørgen to create the now-iconic office chair, which would become a staple in ergonomic furniture design

THE KEVI® CHAIR

Jørgen Rasmussen in his studio

The user centric design

“The better you sit, the more you get done.”

Everything about the Kevi chair is visible and purposeful—seat, back, base, and controls. Its design began an ergonomic revolution, transforming workplaces, schools, institutions, and home offices alike.

Recognising that people are built differently, Jørgen Rasmussen introduced flexibility in the backrest, providing support and space for the user’s lower back and spine. The height-adjustable function made the chair accessible and comfortable for users of all heights.

“Some chairs are too technical, but with Kevi we have tried to keep it simple to secure a durable and comfortable chair."

ICONIC DESIGN FEATURES

The unique Kevi screws are visible in seat and backrest in stools, office chairs and 4 leg chairs

ICONIC DESIGN FEATURE

Aesthetic adjustment tools under the seat are designed to be visible and easy to handle

ICONIC DESIGN

The iconic Kevi backrest is ergonomically and shaped with minimalistic distinction

THE KEVI® CHAIR

One handle to adjust both the height and angle of the backrest.

THE KEVI® CHAIR

Adjust the seating height to suit you.

Kevi Office Chairs

Since 1958, a wide range of office chairs inspired by the iconic Kevi design has been developed.

These chairs serve various occasions and needs, yet all share two defining features: a swivel base and castors.

Today, Montana offers a diverse assortment of Kevi office chairs, developed over decades to suit different functions, users, and purposes.

THE KEVI® CHAIR

2534U is available in various upholsteries to match the Montana colour universe

THE KEVI® CHAIR

The lacquered swivel base was lauched in powder coated colours in 2023 and can be applied for all Kevi chairs on castors.

KEVI® 2533

The **Kevi 2533** is the closest we come to the original design from 1958.

The frame is a 5 swivel aluminium base with a compression moulded veneer seating and backrest available in oak, white and black lazured veneer as well as 6 Montana colours. The swivel base is also available in 6 Montana colours.

The **Kevi 2533** holds the EU Ecolabel without upholstery.

Kevi 2533 is available in three upholstered versions (app. 1 cm medium soft upholstery):

- Upholstered inner side, seat
- Upholstered inner side, seat & back
- Fully upholstered seat & back

Kevi 2533 holds the DIN EN 1729 (European Standards), TÜV Certificate (German quality, safety and product tests) and GS Certificate (German safety standards).

Kevi 2533 is available with tilt function.

Dimensions: SH 38-51 x D 56 x W 56 cm
Available in height A, B, C, D.

THE KEVI® CHAIR

Kevi 2533 with in monochrome frame and base

KEVI® 2534U & 2533

Left: Kevi 2534U always delivered with 4 cm hard cushion and full upholstery

Right: Kevi 2533 with **optional** 1 cm cushion and full upholstery

KEVI® 2534U

The **Kevi 2534U** is today considered a national heirloom. With its comfortable seating, full upholstery in either textile or leather and an aluminium swivel frame, which is also available in 6 Montana colours, it is a an icon in many homes and offices across the world.

Kevi 2534U is available in 4 heights and with a wide range of EU Ecolabel certified textiles.

Kevi 2534U is always delivered with 4 cm hard cushioned seat and back and is always fully upholstered. The chair can be ordered with a tilt function. **Kevi 2534U** is available with tilt function.

Dimensions: SH 40-53 x D 56 x W 56 cm
Available in height A, B, C, D.

THE KEVI® CHAIR

2534U with Kvadrat Textile upholstery

KEVI® 2543

Kevi 2543 is specially developed to meet the requirements for longer work periods (up to 8 hours.)
The tilt function combined with a updated shell shape means it has passed the test for EN 1335-1:2000 and EN 1335-2:2018.

Kevi 2543 meets the requirements for dimensions and safety for office work chairs which are defined by the European standard EN 1335-1. The standards take work safety, health and ergonomics into consideration.

Dimensions: SH 40-53 x D 56 x W 56 cm
Available in height A,B,C,D.

THE KEVI® CHAIR
2534U with active tilt function

KEVI® AIR

The **Kevi AIR** is a light weight office chair.

The shell is cast in 100% recycled plastic where 7% glass fibres have been added.

The chair's seat and backrest has a perforated circular pattern. The chair's surface is low maintenance, light weight and easy to clean.

Kevi AIR fits the modern home office or a class room. **Kevi Air** is available with tilt function.

Dimensions: SH 40-53 x D 56 x W 56 cm
Available in height A, B, C, D.

KEVI® 2532

The **Kevi 2532** is a flexible and height adjustable stool on wheels.

The seat is an ergonomically rounded wooden seat of 9 mm compression moulded veneer.

Both seat and swivel base are also available in 8 Montana colours as well as oak veneer and polished aluminium.

Dimensions: SH 38-51 x D 56 x W 56 cm
Available in height A, B, C, D.

THE KEVI® CHAIR

2532 stool is also available in powder coated swivel

KEVI® KIDS

The **Kevi Kids** chair was relaunched in 2022 and is a mini version made for children in the pre-school age.

The frame is a powder coated 5 swivel aluminium base with a moulded seat and backrest made from 100% recycled polypropylene in four colours matching the frame.

Dimensions: SH 31.5-41.5 x D 46 x W 48 cm

THE KEVI® CHAIR

Available in 4 heights: A, B, C & D - The Aluminum footring is diamter Ø56 cm. Double wheel castors with brakes and soft treads are standard for A & B heights.

Glides are standard for C & D heights. Foot ring is recommended for the taller models C & D

Kevi Chairs on four legs

After nearly 60 years on wheels, it was time to reinvent the chair. Jørgen Rasmussen's sketches had been stored in his archives for years, and in 2016, they finally came to life.

The four-legged Kevi was born.

Kevi with four legs is a reimagining of the classic 1958 swivel chair, featuring the same seat and back as the Kevi 2533 model.

THE KEVI® CHAIR

Kevi 2060 is certified with the EU Ecolabel

THE KEVI® CHAIR

Kevi 2060 with Mads Nørgaard Stripe Kvadrat textile in Ruby/Massala launched in 2024

KEVI® 2060

The **Kevi 2060** is a four leg stackable version of the iconic chair.
The seat and backrest is manufactured in 9 mm. compression moulded veneer which is placed on a 18 mm tubular frame in polished chrome or powder coated lacquer. Seat and backrest are available in oak or a variety of lacquer colours. The chair is available with upholstery on oak or black veneer.

Dimensions: H 79 x SH 47 x D 51 x W 53 cm
Stacks 12 pcs on floor - 25 on trolley

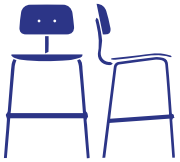
Kevi 2060 holds the EU Ecolabel.

THE KEVI® CHAIR

Kevi 2060 stacks 12 on floor and 25 on a trolley

THE KEVI® CHAIR

Kevi 2060 stacks 12 on floor and 25 on a trolley

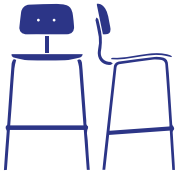


KEVI® 2061 COUNTER

Kevi 2061 is a stackable counter height version of the 4 leg chair. The seat and backrest has the iconic Kevi design features.

The seat and backrest is manufactured in 9 mm. compression moulded veneer which is placed on a 18 mm tubular frame in polished chrome or powder coated lacquer. Seat and backrest are available in oak or a variety of lacquer colours. The chair is available with upholstery on oak or black veneer.

Dimensions H 108 x SH 66 x D 51 x W 55 cm
Stacks 12 pcs



KEVI® 2062 BAR

Kevi 2062 is a stackable bar height version of the four leg chair.

The seat and backrest is manufactured in 9 mm compression moulded veneer which is placed on a 18 mm tubular frame in polished chrome or powder coated lacquer.

Seat and backrest are available in oak or a variety of lacquer colours. The chair is available with upholstery on oak or black veneer.

Dimensions H 108 x SH 76 x D 51 x W 55 cm
Stacks 12 pcs

KEVI® 2063 LOUNGE

Kevi 2063 is a low centred lounge chair with a wide base and seat.

The seat and backrest is manufactured in 9 mm compression moulded veneer which is available in oak or a variety of lacquer colours.
The frame is available in either chrome or in a powder lacquered colourful version.

The chair is available with upholstery on oak or black veneer.

Dimensions H 73 x SH 43 x D 58.5 x W 64 cm
Stacks 8 pcs

THE KEVI® CHAIR

Kevi 2063 lounge chair with full upholstery and powder lacquered frame

KEVI® 2070

The **Kevi 2070** is a stackable dining chair with seat and backrest in compression moulded veneer.

The chair is designed by Jørgen Rasmussen with hospitality in mind, that is restaurants and cafés that want to elevate the dining experience to cosy, homey and Scandinavian level.

The backrest of the **Kevi 2070** has integrated comfort flexibility. The natural and Scandinavian design is a contemporary and modern addition to the Kevi family.

Dimensions H 79 x SH 47 x D 50 x W 55 CM
Stacks 8 pcs on floor or 15 pcs on trolley

THE KEVI® CHAIR

Kevi 2070 in black veneer with JW Table

KEVI® 2051

KEVI® 2051 is a Danish design classic.

It is stackable and does not take up too much space and therefore the perfect solution for an extra seating option in both homes and offices. The design is honest, simple and highly functional.

The seat is manufactured in 9 mm. compression moulded veneer which is placed on a 18 mm tubular frame in polished chrome or powder coated lacquer. Seat is available in oak veneer or a variety of colours.

Dimensions H 47 x D 43 x W 43 cm
Stacks 8 pcs

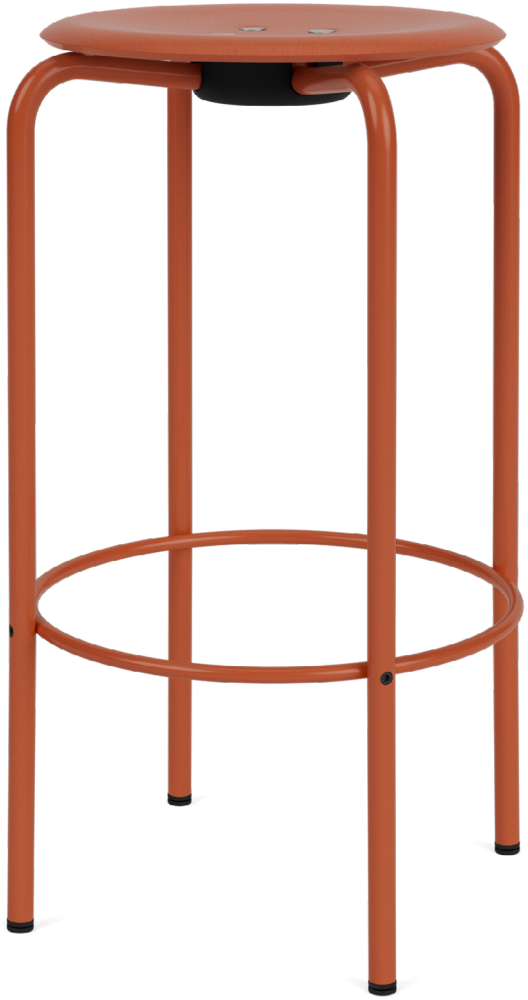
KEVI® 2052

Kevi 2052 is based on the regular stool but raised to fit bar height. **Kevi 2052** represents clean cut, modern Scandinavian design where nothing is superfluous.

The seat is manufactured in 9 mm compression moulded veneer which is placed on a 18 mm tubular frame in polished chrome or powder coated lacquer.

Seat is available in oak veneer or a variety of lazure colours.

Dimensions H 76 x D 42 x W 42 cm



KEVI® 2053

Kevi 2053 is a counter height stool.

The seat is manufactured in 9 mm compression moulded veneer which is placed on a 18 mm tubular frame in polished chrome or powder coated lacquer.

Seat is available in oak veneer or a variety of lazure colours.

Dimensions H 66 x D 42 x W 42 cm

The personal chair

Kevi chairs are available in a wide range of different materials, colours, textiles, upholstery methods, castors and veneers.

The design development is based on a wide spectrum of functions and demands from customers thoughout the years. Since 1958 all design developments have grown from Jørgen Rasmussen's design studio.

Some developments are based on original ideas from the 1950s or 60s, others are innovative solutions that have been made possible through new possibilities in manufacturing, engineering and materials.

KEVI® Chair Textile Surfaces

Materials for upholstery - 2022

KEVI® is available with 3 levels of upholstery: Standard front upholstery, seat upholstery and full upholstery with textile covered edge, seat and backrest.

Montana offers a wide range of quality textiles in different price groups. The basic selection is Kvadrat Textiles that carries the EU Ecolabel.

Other textiles or leather upholsteries from other suppliers can be ordered upon request.

The KEVI® Tables

In 2016 the Kevi Table was launched.
The materials, shape and iconic design features from the original Kevi design were translated into a table suited for a wide variation of functions.

The tables fit both the residential, hospitality and contract market - with the clear characteristics from the Kevi seating family.

KEVI® 2011

Kevi 2011 is a round seating table with table top diameter Ø90 cm. The table table top is beautifully with a rounded curved edge.

The table top is finished with the iconic Kevi screws that add structure and steadiness to the tube frame in Ø22 mm. The table frame is available with either chrome or black powder coat and the table top is available in either oak or black stained veneer.

The Kevi table can be stacked up to 4 pcs.

Piece by piece

Kevi®

- A low impact option

At Montana, we take our environmental responsibilities seriously. To us, sustainability means using high-quality materials and expert craftsmanship to create durable products that are neither harmful for you nor the environment.

All Kevi products are manufactured and assembled in Europe, close to our largest markets. The iconic castors are crafted in Denmark.

Spare parts, accessories, and customisation options are available for all existing products that may need a refresh, repair, or makeover after years of use.

Kevi products come with a 5-year warranty on all available models.
